Dear Mr. Michael Powell,

I am distressed to hear that you plan to further monopolize the already controlled news media by allowing the Oligarchs to buy even more new outlets.

The news outlets control reality in America and the rules against monopoly should be strengthened not weakened. Please do the right thing and champion diversity in ownership. It may cost you in the short run a promotion or monetary reward but a free press is essential to your children's freedom.

P.S Major Dick Chapman (Huey, Pilot) sends his regards to your father his commander in Vietnam.

Your father is a fine man, we hope that you will be also.

Sincerely,

Dr. Edward S. McCallum
